starting at Coire, will have a length of fifty-two miles. The main tunnel through the Splugen will be seventeen miles in length, and its estimated cost la \$25,000,000.

The Southern Pacific rallroad has thirteen new lines under construction, representing an expenditure of \$53,000,000. Five of the lines, comprising the principal part of the works, are in southern California.

Genon and Milan are to be connected by an electric culirond eighty-five miles long, which is to cost \$47,000,000. The high cost is owing to the nature of the country through which the line will pass. It will require nincteen tunnels, one of which will be twelve miles long. There will be 372 bridges, and the road will be six years in course of construction. The cost of the line construction alone will be \$500,000 a mile,

THE REAL TEST

Of Herpicide Is In Civing It a Thorough Trial.

There is only one test by which to judge of the efficiency of any articand that is by its ability to do that which it is intended to do. Many hair rigors may look nice and smell nice but the point is—do they eradicate Dandruff and stop falling hair?

No, they do not, but Herpicide does, because it goes to the root of the evil and kills the germ that attacks the papilla from whence the hair gots its life.

Letters from prominent people every-where are daily proving that Newbro's Herpicide stands the "test of use." It is a delightful dressing, clear, pure and free from oil or grease. Sold by leading druggists. Send 10c. in stamps for sample to The Helpicide Co., Detroit, Mich.
